

BRIDGE

Dealer: South Vulnerable: North/South WEST WEST 8654 AKQJ10 432 3

You have the West hand and you hear South bid INT and North, 3NT. You consider doubling but lead to take the sure profit. Your lead? A heart. Wise choice. You lead hearts and more hearts and more hearts and in time you run out of them. Down one. You are happy with this result and are about to toss the hand in but you sense there is still some tension in the air.

Dealer: South Vulnerable: North/South WEST WEST 64 64 109863 KJ17

South opens with 1H and North goes to 2D. South rebids 2S and when the bidding is over, you discover that 2S shows about sixteen points. If opened had a minimum opening, he would just rebid his hearts. North raises to 3H a forcing bid, and South goes on to game. If you just listened to the bidding and did not look at your hand, what would you expect to lead?

If it's your Birthday

Sunday September 22 Your imagination is on top form, and you may be motivated by your fantasies rather than by the facts. The secret is not to expect too much. Monday September 23 You're facing a positive period over the next few months. Personal, professional and domestic issues will all be thrown into the melting-pot. Tuesday September 24 It's decision time. Which way will you go? Will you choose to stay in the past or make a move into the future? You might get the best of everything.

Wednesday September 25 In partnership matters there is one great moral: look, listen and learn. Other people, whether lovers, friends or very close working colleagues may teach you.

Thursday September 26 You'll be bombarding friends with your many ideas. You're eager to find out the facts and to figure out how and why you've arrived at your current situation. You'll be happy in company.

Friday September 27 Distant horizons beckon. There's a sense that a new dawn is about to break. Just when and how, you can't say, but things are looking up.

Saturday September 28 Helpful stars shine your way. You'll be in for an easier time than many people, so count your blessings. Yet the fact that work and domestic chores may be causing irritation will bind you up.

YOUR WEEK AHEAD

ARIES (Mar 21 - Apr 20) The Sun moves on before long, leaving you to stand on your own two feet once again. You're entering a tricky financial phase and will have to face up to a number of awkward choices. Also, it may be time to abandon a commitment.

LIBRA (Sep 24 - Oct 23) Shopping, saving and investments all occupy your attention. Money matters can only increase in importance as the week passes, but don't expect a quick and easy answer. You will have time to realise that you have the chance to set your finances anew.

TAURUS (Apr 21 - May 21) Mercury, planet of ideas, renews its connection with intense, passionate Pluto, and you could be heading for an intense confrontation. You will have to speak the plain truth, although please pick your words with care and kindness.

SCORPIO (Oct 24 - Nov 23) It may be more difficult than usual for you to imagine that a close partner can possibly be right, so deep is your belief in your own infallibility. However, any astrologer, on seeing the current planetary picture, would advise you to compromise and bend to circumstances.

GEMINI (May 22 - June 21) Something may happen behind the scenes to change your plans and ideas. Whatever takes place will almost certainly involve your work or whatever other routine chores are pre-occupying you at the moment. Romantic hopes are reinforced by Venus.

SAGITTARIUS (Nov 24 - Dec 23) Many freedom-loving Sagittarians are now starting to resemble determined, obstinate and emotional Scorpios. In fact, your behaviour, especially a tendency to secrecy in important matters.

CANCER (June 22 - July 23) The relationship between Mercury and Mars is bound to awaken ideas of social adventure, you'll be on the look-out for new friends and anxious to put former associates in their place. Additional attention is required to all travel plans.

CAPRICORN (Dec 23 - Jan 20) The week begins with the Moon powerfully positioned in relation to your sign, so family affairs will probably keep you on your toes. As the days go by, you will see that money lies at the root of all disagreements.

LEO (July 24 - Aug 23) The Moon issues emotional challenges from Wednesday. Thursday, so these should be the perfect days to apply a little of your cheery Leonine medicine to a close partnership. Only you can do this, so why don't you organise a break from domestic routine and plan something special.

AQUARIUS (Jan 21 - Feb 19) Recent developments in the sectors of your chart associated with relations, children and romance seem bound to work out for the best in the long run, even if you have been rather disconcerted by a number of statements or events. Thursday, when the Moon takes a more maternal role probably.

VIRGO (Aug 24 - Sep 23) Legal matters seem to have some role to play in your life over the next three weeks. Is it possible that you have embroiled yourself in a bureaucratic muddle? One thing is certain, and that is if you stick to your guns and do what you know to be right, you won't go far wrong. And you might also win some additional respect from the people who matter.

PISCES (Feb 20 - Mar 20) The stars are urging self-improvement. This is a special week for all of you pursuing educational goals or working in the travel and communications industry. If there is any way to get other people to see that you really do mean business, then get on with it. Maybe don't be so laid back.
